Board adopts revised transportation policy

Buses to use headlights at all times, drivers must take first aid course in the near future

The Haliburton County Board of Education has revised its transportation policy to include new safety measures and clarify responsibilities of bus owners, drivers and students.

Among the most significant changes:

- School buses must now have their headlights and running lights turned on at all times.
- Drivers must attend St. John's Ambulance first aid courses to be offered by the board.
- Drivers will be responsible for supervising students crossing roadways after disembarking from buses.
- Any decision to suspend a student's bus riding privileges will now be made by the school principal rather than individual drivers.
- Drivers must return signed copies of the board's policy on bus safety and procedures to demonstrate their familiarity with them.

The 10 page policy was adopted earlier this month after a thorough review by the board's transportation committee, a process initiated after a group of parents from Archie Stouffer Public School presented a number of bus safety recommendations to the board.

Responsibilities of drivers remain substantially unchanged from the previous policy with the exception of the first aid course requirement. Drivers must also pass a defensive driving course and attend seminars on discipline.

As in the past, the board will not close county schools due to inclement weather but will leave it up to an individual driver to determine whether or not it is safe for his or her bus to operate.

In the event of a mechanical breakdown, the driver must keep students on board the bus, notify the base and wait with the bus until other transportation arrangements

are made.

If a driver decides that the safety of his bus is impaired by a student's conduct, the student can be told to report to the principal's office, and the driver also must report to the

principal. The principal will have the option of suspending a student's bus riding privileges and informing parents, driver and the business administrator of the length of the suspension. If a student is suspen-

ded from riding buses for three days or more, the principal must inform the director of education, who will in turn make trustees aware of the case. Parents will then be responsible for transporting the student to

school.

Students also are to be bound by a code of conduct that will be distributed at the beginning of each school year. Rules require students to be seated at all times when the bus is in motion, to keep aisles clear of books, and to keep arms and heads inside the bus at all times. Eating, drinking and smoking are forbidden, as are shouting and singing. Students are required to obey the driver and/or adult in charge, and may not adjust windows without the driver's consent. As well, students who have to cross a roadway after getting off a bus must walk three meters ahead of the vehicle and then wait for the driver's signal before crossing with caution. Students also must remain on buses until they reach school in the morning, and until they reach the point of departure in the evening. Violators of the rule will be reported to the principal.

If a student wilfully damages any part of a bus, parents must make restitution before the student's bus privileges will be reinstated.

On the question of seatbelts on school buses, the new policy states that "the board will consider having bus owners supply seatbelts for students when the Ministry of Transportation and Communications or Transport Canada establish guidelines for the use of seatbelts on school buses."

Minden clerk resigns

Anson, Hindon and Minden's clerk-treasurer, Elinor Burke, submitted her resignation to council late last week. Burke, who will end her duties on August 31, did not offer an official reason for her decision to end her job with the municipality.

Reeve Lyle McKnight said the news came as a surprise. A special meeting was held last Monday night to discuss how council will fill Burke's position, but McKnight said no definite decisions have been

made. McKnight added, however, that council intends to pass a resolution concerning the matter at its regular meeting Thursday night.

"It will give time for council to think about it," he said.

Until council finds a replacement for Burke, her place will be filled temporarily by Deputy Clerk Bev Miller. McKnight said there is some debate among councillors as to whether they should advertise the opening outside of the county, as well as in local papers.

Lake levels still high

By ELIZABETH CHURCH
Staff Reporter

Above average rainfall this summer has resulted in high water levels in local lakes. While many boaters may welcome this change, a Trent Severn Waterway official says he is also receiving calls from some residents expressing concern that they don't have enough beach or are unable to make shoreline repairs.

Bruce Kitchen, water engineer at the system's Peterborough office, said lakes in the Haliburton area are the highest they have been in August in five years. This week, local lakes are reported to be at 79 percent of their capacity. In an average year, Kitchen said, lakes are at 70 to 71 percent by mid August.

Although the amount of water in local lakes is high for this time of year, Kitchen also noted that it would be higher if waterway officials had not intervened and taken some water out of the system. "Lakes could be a few centimetres higher than now, but that would have caused us a lot of trouble later in the year," he said.

Each fall, Kitchen explained, water levels are decreased to avoid flooding problems in the spring. If, however, the levels are not dropped until late September, the eggs of lake trout who spawn near the surface in some areas could be exposed and lost. "We only have so

many weeks left of use. We have to get rid of some of the water now," he said.

Fluctuating water levels have plagued Haliburton since the 1950's. Murray Balkwill, member of a three man sub-committee of county council formed to examine the present system, said part of the problem is that levels in the waterway are kept constant regardless of the amount of precipitation. The surface water is kept at six feet above the sill of the dams at all times. "The Kawartha system is being maintained at the expense of Haliburton," he said.

In past years, this policy has caused problems in the 38 local lakes linked to the system. In late July of 1958, levels fell to 53 percent of capacity and in 1931, they dropped to 41 percent. In more recent years, exceptionally low levels in 1977 sparked the formation of the Haliburton Highlands Water Levels Committee of County Council.

"The water went down so far, so fast that it inhibited the passage of boats," said Balkwill in reference to that year. Businesses, especially on Haliburton Lake, were hurt because there was no access to them by boat, and wells went dry in certain areas, he said.

Since that time, Balkwill noted, the water levels committee has made certain advances. Improved

Local rainfall tested for acid

By ELIZABETH CHURCH
Staff Reporter

Environment Canada is conducting a rain sampling program at four sites in Haliburton County. The testing, done under the Canadian Acid Rain Toxic Analysis program, is a three month project designed to measure the levels of acidity in rain water and to determine more specifically the origins of acid rain.

Field workers, stationed at each site five days a week, collect samples of rainfall for testing. All sampling is done manually with very simple equipment: a funnel and bottle secured to a stand. Care is taken, however, to ensure that the accuracy of the samples is very high.

Data concerning the samples is recorded daily by the site monitor and is sent along with the sample to a laboratory at the Atmospheric Environment Service in Toronto. This ensures that all of the samples are subjected to exactly the same tests and analyses and there is no variance in the methods of recleaning the sample bottles.

Meteorological information including cloud cover and cloud type,

wind intensity and wind direction, is also recorded hourly and is sent with the sample to Toronto. By matching these readings with highly acidic rainfalls, organizers hope to locate major contributors to the problem.

In addition, each worker also takes daily samples of water from nearby lakes. These are sent to a laboratory in Dorset where they are tested for pH levels, a gauge of acidity.

Laurie Reynolds, co-ordinator of the sampling program in the Haliburton area, explained that the local sites are four of 33 in Ontario. Reynolds, along with an assistant, collects samples from workers at ten sites, located as far north as

Whitney and Barry's Bay, Nova Scotia and Quebec, two other provinces affected by acid rain, also each have 33 testing sites.

Although testing is conducted on a regular basis by automatic sampling devices, such as the one located at the Ministry of the Environment facilities near Dorset, the summer project enables Environment Canada to determine how effective the current system of testing is and how representative of the entire area the results are.

The testing, which began in late May, will conclude at the end of the month. The data will be compiled and analyzed in Toronto. The results are expected to be available by late September.

Well closed

Local health unit officials have permanently closed a well on the Harburn road after tests showed that the water was contaminated. The spring fed well, located approximately three kilometres north of Haliburton, was closed in mid-July when local residents reported that the water coming from the spring had turned brown in colour. Workers from the Haliburton office of the Haliburton, Kawartha, Pine Ridge District Health Unit took samples of the spring water and added chlorine to the well to try and correct the problem.

Reeve Murray Fearrey said the although it was originally suspected that iron was discolouring the water, the tests have revealed that it is waste. Fearrey said workers have been unable to find the cause of the contamination. "It's a continuing source of pollution, but we have no idea where it's coming from," he said.

A small hand pump, located at the side of the Harburn road, has been disassembled to prevent water from being taken from the spring, but signs have not been posted to inform past users of the health unit's findings.

Population of local riding on rise : report

By ELIZABETH CHURCH
Staff Reporter

With the federal election fast approaching, politicians and campaign workers are attempting to capture the attention and support of the voting population. According to

a recent report by Statistics Canada, in the Federal Electoral District of Victoria-Haliburton, that population is on the rise.

Victoria-Haliburton, one of the largest ridings in terms of area in all Ontario, recorded an increase in

total population of 8.4 percent between 1976 and 1981. This rise is almost double the provincial average of population growth of 4.4 percent.

In terms of eligible voters, the

Police News

Haliburton Break-ins

Early Saturday morning, August 18, three break and enters occurred in Haliburton village. The Haliburton Pharmacy, Nancy's Flower Shop, and the Bowes and Cocks offices were all entered. Since then, two persons have been arrested and a third is being sought. \$4,000 worth of drugs from the pharmacy have been recovered while a quantity of cash has not yet been found. Charged with break, enter and theft are: Shaughen Wilson, age 20, of RR 2, Haliburton and Michael MacInness, age 16, of Haliburton.

Wounding

A 47 year old Gloucester, Ontario man received a wound to his neck Sunday afternoon while driving a car on South Kashagawigamog Lake Road. He was taken to Haliburton Hospital where an X-ray revealed a metal pellet lodged in the left side of his throat. The victim, John Martin, was then driven by his wife to an Ottawa hospital for removal of the pellet. A pellet rifle has been seized from a juvenile in the area of the occurrence. Anyone who may have received any vehicle damage or witnessed anything relating to this matter is asked to contact Minden OPP.

Accident

On Sunday morning at 1:50 a.m., a 1984 Dodge being driven on Highway 118 in Stanhope Township went out of control on a curve and rolled over in a ditch, sustaining \$5,000 damage. The driver, John Bosnitch, age 23, of New Brunswick, has been charged with careless driving.

The Ontario Provincial Police in Peterborough report that the province of Ontario has offered a total reward of \$15,000 for information which leads to the arrest and conviction of the person or persons responsible for the murder of 23 year old Brenda Elizabeth Stinson, Unit 41, 655 Crawford Drive, Peterborough, Ontario.

On Saturday, May 12, 1984 at 6:46 a.m., the nude and bludgeoned body of Brenda Stinson was found in the east ditch of Sawyer's Creek Road, Douro Township, Peterborough County. She was last seen at Angelo's Restaurant, Lansdowne Street, Peterborough, with an unidentified male companion at approximately 1:15 a.m., May 12, 1984.

Any person in possession of information regarding the person, or persons responsible for the death of Brenda Stinson should communicate immediately with the nearest police authority or the Commissioner of the Ontario Provincial Police.

This entry from the Haliburton County Farmers' Association took first prize for the best decorated float entered by an organization. The parade helped to

officially start the County Fair on Saturday and attracted a large crowd as it travelled down Minden's main street.

Number of voters in Victoria/Haliburton increasing

from page 1

The Statistics Canada report also finds that married people account for 70 percent of the riding's population 15 and over. Between 1976 and 1981, the voting age population, those 18 years of age and over, increased in number from 57,400 in 1976 to 65,150 in 1981.

Apart from the above average growth of the riding's voters, Victoria-Haliburton is exceptional because of the number of senior citizens who live here. Between the last two national censuses, the number of residents over 65 in the constituency grew by 22.9 percent. As of 1981, senior citizens accounted for 16 percent of the riding's population, compared to the national average of 9.7 percent.

At the opposite end of the scale, the total number of residents under 15 years of age decreased from 20,110 in 1976, to 19,365 in 1981, a drop of 3.7 percent.

The Statistics Canada report also finds that married people account for 70 percent of the riding's population 15 and over. Between 1976 and 1981, the divorce rate increased by 64.1 percent, but despite this rise, divorced persons make up only 1.8 percent of Victoria-Haliburton's adult population.

This is well below the national average of 2.7 percent.

In light of these figures, it is not surprising to find that people living alone represented 18.2 percent of the total number of households in Victoria-Haliburton, as of 1981, fewer than the national or provincial proportions.

Report on water ready

from page 1

gauges have been installed on dams and six foot steel bars have replaced the 12 foot logs on the top of the dams, allowing a more gradual drop in water levels.

Although the findings of the three man subcommittee will not be released until September, Balkwill said the report will make recom-

mendations for improved management and control of the system. "I'd like to see a continuous flow through the dams, rather than an occasional surge of water. Officials have become more responsive to our problems. They can only expect us to take so much irritation," he said.

Dysart minutes

On August 13, a regular meeting of Dysart et al council was held and the following matters were considered:

General accounts No. 8544 to 8756 totalling \$67,828.39, Road accounts No. 0733 to 0815 totalling \$185,412.96, and Social Services accounts No. 532 to 584 totalling \$9,841.95 were approved for payment.

The revised road allowance policy dated August 13, 1984 was adopted as council's policy, effective immediately.

The building inspector was authorized to issue a building permit to G. Watkins, Lot 24, Allen Lake, Harcourt Park, for a 10 x 18 - 2 storey addition, the addition to be kept in line with Mr. Watkins' existing building line.

The building inspector was authorized to issue a permit for a 16' x 10' addition to the cottage of Gertrude Clark - Lot 7, Plan 443, Dysart - Kashagawigamog Lake.

Bishop and Rogers were instructed to proceed with the Subdivision Agreement with Paul Wilson as per the Township's letter of July 31, 1984 - Schedule "A" hereto: \$10,000.00 in lieu of 5% land; \$5,000.00 in lieu of Public Road Covenant in Deeds that access in by private road.

J.R. Breglia was advised that council have reviewed his letter of July 27, 1984 reference subdivision on Concession 8, part Lot 30, Dudley Township and it has been referred to the Municipal solicitor for review and comment.

Council moved that Keith Hughes be granted permission to construct a road over the reservation for road to his Lot 100, Plan 482, Dudley (Long-Miskwabi Lake Narrows) as per Township policy on road opening.

The Miskwabi Area Cottagers' Association was granted permission to use the Municipal Landing at the end of the airport strip - Miskwabi Lake on Sunday, August 26, 1984, from 9:00 a.m. to 2:00 p.m. for a fishing derby. In case of bad weather the alternate date is September 2, 1984.

Mrs. Nancy Sales was advised that council concurred with her request and the recommendations of the Ministry of Natural Resources reference filling - fronting on her property - Part of Lot 10, Concession 8 Dysart Township, Grass Lake.

Cy Tokmakjian was advised that council concurred with his request and the recommendations of the Ministry of Natural Resources reference filling - fronting on his lands, Part of Lot 26, Concession 7, Dysart Township - Outlet Bay, Drag Lake.

Council agreed with the resolution and letters of the Municipality of Glamorgan regarding the reconstruction of the balance of Highway 507 - Gooderham - Flynn's Corners - during the 1985 fiscal year. This road is of vital importance to this community as well as the village of Gooderham and in fact the whole 507 recreation area.

The application for amendment to the Comprehensive Zoning By-law by C. Sawyer, Part of Lot 2, Concession 4, Guilford Township was approved.

The clerk was instructed to arrange the necessary advertising to affect closure of part of the original allowance for road between Lot 82, Plan 493, and Lot 1, Plan 513 for sale to the adjacent owners.

Merrill Barry was advised that council will not consider closing and conveying part of the Guilford-Havelock Boundary at this time.

County Fair contests attract many entries

Sunny skies and the promise of two days full of events attracted hundreds of people to Minden last Saturday and Sunday to attend the 120th Haliburton County Fair.

Although the fair got something of a head start on Friday night with the opening of the midway and an amateur contest in the community centre, the parade at noon on Saturday drew one of the largest crowds of the weekend, many of whom stayed to spend some time at the fair grounds.

Some of the most popular attractions at this year's fair included the midway, beef on a bun, served up by the Haliburton County Farmers' Association, the horse competition, the numerous livestock shows and the horticultural competition. Results of all the events have not been tabulated, but a partial list of winners follows:

Parade

Best decorated tricycle or wagon under 8 years old: first, Stacy Walker; second, Kendra Anderson; third, Ryan Anderson.
Best decorated bicycle under 16 years old: first, Jamie Hurley.
Best child's centennial outfit: first, Andrea Hughes; second, Helen Harris; third, Chad Connelly, David Short.
Best adult's centennial outfit: first, Mike Shirley; second, Sharon Barclay; third, Audrey Fountain.
Best walking group, centennial: first, Muskoka Pioneer Power; second, Marion, Eric, Helen and Ed Armstrong; third, Andrea, Brian and Jeanne Hughes.
Best decorated commercial vehicle or float: first, Minden Times; second, Minden Texaco; third, Walker's and Big Jerr's.
Best decorated organization vehicle or float: first, Haliburton County Farmers' Association; second, Good News Story House; third, Home Support Services.
Best cart or wagon driven by boy or girl: first, Andy Willbee; second, Ryan and Andrea Hughes; third, Eric and Helen Harris, Ed Armstrong.
Best theme float: first, Haliburton County Farmers' Association; second, Audrey's consignments.

Horse Draw

Heavy horse draw: first, Dennis Stewart from Woodville; second, Ingram Wessell from Norland; third, Leroy Nesbitt from Reabero.
Light horse draw: first, Murray Cowan from Haliburton; second, John Laurensen from Havelock; third, Dave Sisson from Minden.
Pony pull: first, Larry Greer, Norland; second, Doug Ellery, Fenelon Falls; third, Gerald Watt, Monmouth.

Ride and Run

This race, one of the oldest of its kind in the province, requires each two man team to cover a distance of eight miles. Partners alternate, riding one mile and then running the next. The results are as follows:

Senior division: first, Kay Tidmarsh and Harry Barnes, Richmond Hill; second, Jennifer Batty of Cobocok and Neil DeKoker of Lindsay.
Junior division, 15 and under: first, Karen Harrison and Sharlena Warder of Minden; second, Tammy and Robbie Willbee of Minden.

Light Horse Competition

Unregistered line class: Meadow Gold owned by Jim Young of Mount Albert.
Registered 1 and 2 year olds: Rockwood Boy owned by Rockwood Farms of Minden.
Registered 3 year olds: Skips Shilo, Glenda Newland of Coldwater.
Registered stallions: Poco Dell Weed, Tammy English, Haliburton.
Open pony: Princess, Karen Cook, Haliburton.

Foal 1984: Jenny-Lynn, Jim McMahon, Minden.
Don Finn halter class: Skips Shilo, Glenda Newland, Coldwater.

Parade horse: Enchanted Shabreges, Doris Wolm, West Guilford.

Open Western equitation: Glenda Newland, Coldwater.

Western pleasure horse: Whipple Bars, Heather Braithwaite, Coldwater.

Junior Western equitation: Debbie Barry, West Guilford.

Western pairs: Whipple Bars, Heather Braithwaite; Kelly Wine, Glenda Newland, both of Coldwater.

Western pleasure pony: Babe, Jody Sales, Carnarvon.

Clover Leaf barrel race: King's Red Top, Fay Carrick.

Flag race: King's Red Top, Fay Carrick.

Pin and bottle race: King's Red Top, Fay Carrick.
Musical tires: Apricot Brandy, Jim Young, Mount Albert.

Potato race: Apricot Brandy.

Walk and lead: Apricot Brandy.

Relay pole bending: Apricot Brandy; Meadow Gold, Jim Young, Mount Albert.

West trail class: Whipple Bars, Heather Braithwaite, Coldwater.

Pony in parade: Princess, Karen Cook, Haliburton.

Walk, trot, equitation: Buttermilk Babe, Rockwood farm, Minden.

Junior English equitation: Quiet Company, Trish Burke, Oakville.

Open English equitation: Meadow Gold, Jim Young, Mount Albert.

Pleasure hack: Day Dream Believer, Theresa Patterson, Fenelon Falls.

English pairs: Day Dream Believer, One Night Stand, Theresa Patterson, Fenelon Falls.

Work, hunter hack: Day Dream Believer, Theresa Patterson, Fenelon Falls.

Green jumper: My Double Breeze, Beau Valley Farms, Minden.

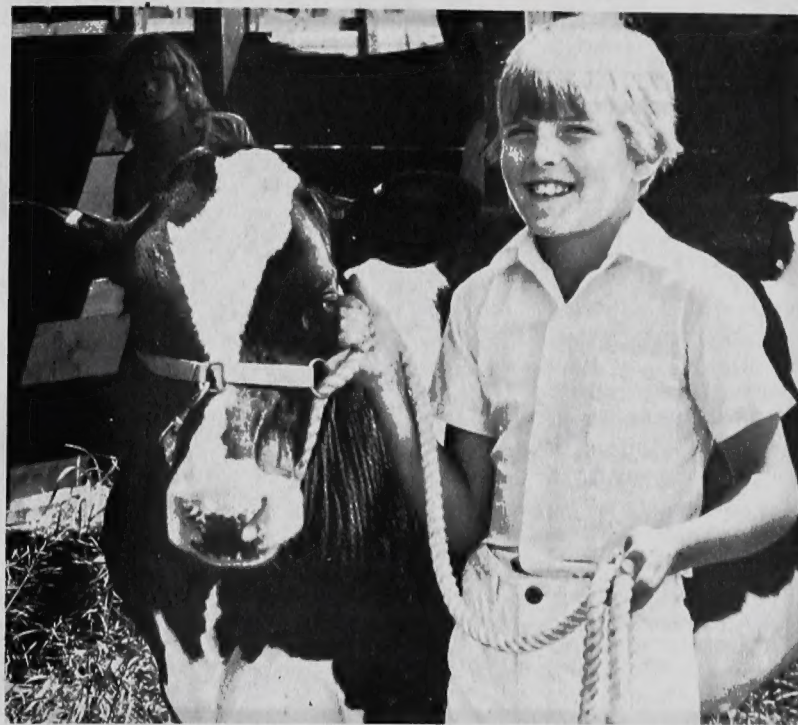

Junior jumper: My Double Breeze, Beau Valley Farms, Minden.

Open jumper: Apricot Brandy, Jim Young, Mount Albert.

Pony jumper: Top Hat, Kathy Watt, Toronto.

Bareback jumping: Apricot Brandy, Jim Young, Mount Albert.

Costume class: Sheba, Susan Ski, Pefferlaw.

This boy is preparing to take his cow into the ring last Saturday at the Haliburton County Fair. During the two day event a variety of livestock competitions were held including judging of cattle, sheep and goats.

Stanhope council holds meeting

A regular meeting of Stanhope council was held on August 8, 1984. At that time, the following matters were considered:

Council approved the severance application H 113/84 conditional upon the deeds stating that both the severed and retained parcels become part of the back lands and that a covenant be included in the deeds prohibiting any construction on both the severed and retained parcels.

Council requested the removal of the centre barricade in front of Mr. Bud Green's property on Halls Lake. The barricade is to be replaced by a row of trees.

Council acknowledged the receipt of the fire chief's report dated August 3, 1984.

Council approved in principle the request of Mr. and Mrs. Joseph Nesbitt and Miriam Hutton to stop up, close and convey parts of an

Please turn to Page 9

Dysart council minutes

from page 2

The application for amendment to the Comprehensive Zoning By-law by Mrs. G. Hutson, Part of Lot 27, Concession 9, Harburn Township - Percy Lake.

Raymond Campbell was advised that council concurred with his request and the recommendations of the Ministry of Natural Resources reference filling - fronting on his lands, Part of Lot 18, Concession 4, Guilford Township (Cranberry Lake).

Paul Wilson of Bishop and Wilson was retained to prepare the necessary documents for the 1986-87-88 ONIP Program.

Mrs. Sheila Irvine of Lot 8, Plan 348, and Mrs. Audrey Delaney, Kia-Ora Road,

Harburn, were advised that the road superintendent will review the entrance to their property and if possible make the improvements they have requested.

The Greer, Galloway Group was advised that all planning and zoning materials, by-laws, etc. retained in their files should be returned to the Township attention Wayne B. Wood, Clerk-Administrator.

The Tenders reference surplus lands were referred to the Property Committee for review and recommendation.

Mr. Ronald Campbell was advised that council concurred with his request and the recommendations of the Ministry of Natural Resources reference retaining wall fronting on his property Part of Lot 20, Concession 3, Havelock Township - Kennis Lake.

Wayne B. Wood and Howard Roberts were instructed to arrange to attend the Ontario Municipal Employees Retirement Board meeting in Huntsville, September 20, 1984.

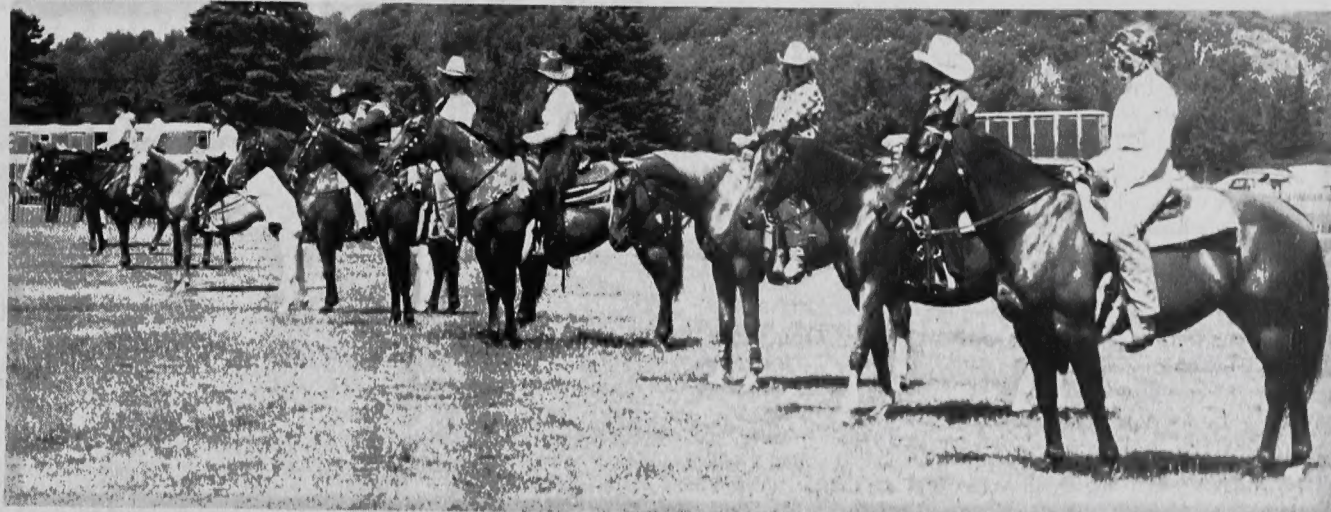

The invoice of David Cryer in the amount of \$100.00 was referred to the county engineer for review and comment.

Mr. Robert McElhinney was advised that council agreed with his request and the recommendations of the Ministry of Natural Resources reference retaining wall fronting Part of Lot 20, Con. 3, Havelock Township, Kennis Lake.

Mr. Gordon Jones was advised that council concurred with his request and the recommendations of the Ministry of Natural Resources reference filling - fronting on his lands - Part of Lot 18, Con. 4, Guilford, Cranberry Lake.

Fred VanParys was advised that council concurred with his request and the recommendations of the Ministry of Natural Resources reference filling - fronting on his lands, Part of Lot 30, Concession 3, Guilford Township, Eagle Lake.

The application for closure and purchase of part of the original road allowance for road between Concession IV and V across Lot 14, Township of Harburn, by Ann Allan, was approved.

Riders and their horses line up for inspection during the light horse competitions last weekend at the County Fair. Riders competed in a

total of 36 different categories over the two days of the fair. Contests were also held for heavy horses.

The Municipality of Monmouth

USED EQUIPMENT FOR SALE

Sealed tenders clearly marked "USED Equipment for Sale" will be received by the undersigned up until 4:00 p.m. D.S.T. Friday, September 7th, 1984 for the following:

- 1 - Frink one way plow and wing - Model 440SK8
- 1 - 1972 GMC Truck, Model 7500
- 1 - 1971 King Seagrave Hopper Sander
- 1 - 10' dump box
- 1 - 11' dump box

All items are in good condition. Highest or any tender not necessarily accepted. Items can be seen at the Municipal Garage, Tory Hill.

An improvement

A recent decision by the Haliburton County Board of Education to revise its transportation policy was an important one for at least two reasons. Firstly it proved trustees' willingness to give careful attention to serious matters of safety. And secondly, it demonstrated that parents who approach the board with good ideas, well presented, have a central role to play in shaping all aspects of the local education system.

The record of school bus safety in Haliburton County has been good, a fact which is attributable not only to drivers' skills and the concern of bus owners but to a sound working relationship among owners, operators and the board. Many parents believed there was room for improvement however, and the new policy reflects that belief.

Among the most important changes approved by the board is a requirement that all buses must operate with headlights and running lights turned on. Studies have shown that the use of headlights during daylight hours makes vehicles more visible and reduces the likelihood of collisions. Many countries require headlight use at all times for all vehicles, so the board is simply following a proven and well accepted safety practice.

Another positive measure included in the new policy is a requirement that drivers take St. John's Ambulance first aid courses to be offered by the board. While this puts greater responsibility on drivers to take appropriate measures in the event that students are injured, it also makes drivers better equipped to handle emergencies.

The new policy also contains a clause stating that drivers must sign a copy of safety and procedure rules and return it to the board. This requirement will ensure that all drivers are thoroughly familiar with the board's policy, and will protect the board to some degree in the event of a mishap caused by a failure to observe one or more of the rules spelled out in the transportation policy.

The board also has revised and clarified the procedure to be followed in the event that a driver has discipline problems with an individual student. Under the new policy, a decision on whether or not to revoke a student's bus riding privileges, and for how long, will rest with the principals of individual schools.

The new policy continues the former practice of permitting drivers to make the decision about whether or not to proceed with a route during inclement weather. While some people perhaps would prefer that board administrators decide to shut down schools in bad weather, reasoning that drivers may feel pressure to complete a run knowing that schools are not closed, the system has worked well, and no need was seen to change it.

One matter that has received a good deal of attention from parents and board members over the last few months is the question of requiring seatbelts on school buses. Some local parents have pressed the board to have seatbelts installed on all buses, reasoning that if they work well in cars, they should work well in buses. But investigations by the board have shown that the issue is not at all clear. Some studies indicate that seatbelts may increase danger for students if they are not worn properly, while other studies have concluded that buses as they are presently designed may not be strong enough to withstand the forces that would be generated by belted students in a collision. Reasoning that they don't have the expertise to make a final decision on the matter, board members have chosen to state in the new policy that they may require seatbelts if the provincial or federal transport ministries establish guidelines for seatbelt use in school buses.

Overall, the new policy appears to be a carefully thought out response to local parents' concerns.

Letters to the Editor

Cottager unhappy with local businesses

To The Editor:

Since becoming a summer resident of Haliburton for the past six years, I have run into several unpleasant situations involving local businesses. One day's events:

The laundromat is not a pleasant place to be on a hot summer day indeed. However, a household needs its clothes washed. There is no excuse for the filthy condition of the Haliburton Laundromat. At any given time, several machines are down. The employee, with a flip attitude reluctantly hands out quarters to frustrated patrons who are constantly "losing" quarters to broken machines - that is, if you can drag said employee away from entertaining his drop-in friends.

The excuse for the condition of the laundromat is blamed on tourists, mainly teenagers and camp counsellors. Do Minden, West Guilford or Rosseau not have tourists? No excuse. The owner of the Haliburton Laundromat is an opportunist in this "tourist's" eyes.

A very unpleasant barber was our next stop. The gist of the conversation was that if my 8 and 10 year old boys wanted a hair cut like the one he was giving a 65 year old man he could accommodate me. Said gentleman, in all due respect, was having his hair buzzed off in the manner of the armed forces. When I replied pleasantly that I would like theirs a little longer, I was told in a surly voice, "This is the only kind of haircut I do." Well excuse me.

Believe me, I don't expect nor would I want a Vidal Sassoon Salon for Men in Haliburton. My point is he could politely have said, "I'm sorry." Perhaps even a smile would have helped. Out we go. No haircuts.

On to Danny's. I'm afraid I must agree with the previous letter complaining. Another sour face greeted us and had on several occasions. I've since taken my business elsewhere. The letter of rebuttal was from local residents. Perhaps the pleasant greetings are reserved for "locals" only at Danny's.

Enough for one day.

In fairness, I would like to say that Hillside Gallery, Paulette's, Cordell Interiors, Ashburnham Meats, Madill Plumbing and Halco Audio to

name a few have always been most friendly and helpful. There are many others.

I realize your peaceful village turns upside down when July 1 arrives and peace descends again on Labour Day. There is no doubt in my mind a lot of you prefer the other ten months of the year but you must remember - you promote this as a tourist area. Most of you derive your living from tourists. We pay year round taxes that assist mightily in paying for your lovely schools and efficient hospital. Without us you would not have these facilities.

All I'm asking in return is a smile when I "drop" my money in "your" town.

Janet Parker
Drag Lake Summer Resident

To The Editor:

Being a resident of Haliburton and a faithful reader of the Echo, I feel I have the right to know why the staff of the Echo fails to provide unbiased news coverage. As well as total coverage of important events. This is most noticeable in the political affairs of the county. Why is it that Bill Scott made the front page when he was nominated for the P.C.'s in Haliburton? It certainly wasn't shocking or surprising! Bruce Glass is a newcomer to county politics and yet the news of his nomination as the Liberal candidate for Victoria-Haliburton was barely noticeable in the Echo. This was aggravating enough, but when it comes to my attention that the Echo has not published press releases from Bruce Glass for the past month and has failed to print an advertisement for a Liberal dance on the 24th of this month, my confidence in the Echo for concise, unbiased news coverage has been shattered!

Michael Wedmann
Stanhope

Editor's note:

While it is not normally the Echo's policy to respond to letters to the editor, we feel some clarification is necessary in light of Mr. Wedmann's comments.

Bill Scott's nomination was reported on page one of the Echo while Bruce Glass' nomination Please turn to Page 5

Feir Play

Creighton Feir

Evidence seems to building each year toward the fact that when people come to the Highlands of Haliburton to visit or spend their vacation they are always looking for something to do. Up until recently I was one of the group who was of the opinion that when people arrived for the summer they wanted to get away from the rat race of the city and spend most of their time taking it easy around their cottage or just plain lying around the beach soaking up the sun. At certain times this seems to be just what they want to do but it really surprises us to find that most of the visitors to the area, along with the regular cottagers, can hardly wait for the opportunity to come to town and spend most of the day just browsing around the stores. There are certain days when the sun seems to be so hot that you could fry eggs on the sidewalk you find that many of the people aren't at the beach but that the main street is alive with people walking up and down shopping and just looking around. There is plenty of proof that points in the direction that our visitors are looking for something to do and see. For instance just look around the village of Haliburton and see the large crowds that turn out for events such as the Rotary and Legion Carnivals, the May 24 fireworks display at Head Lake, Midnight Madness, and we could go on and on. In other centres in the county it's the same thing with large crowds on hand for the Motorcycle Climb and Country Good Times at Wilberforce, the Rotary Carnival and Sidewalk Sale at Minden, the Canada Day celebration at West Guilford and the Horseshoe Days at Gooderham. It would appear that we just can't seem to put on enough events here in the Highlands of Haliburton during the summer months to keep our visitors happy and satisfied. Some of these people, it seems, would walk miles to take in a carnival, a parade or a yard sale. Yes, it's a fact that our summer visitors as well as those who come back during the winter months are looking to be entertained and it's up to us to make sure that we oblige them.

We are pleased to note that Timothy Fearrey graduated from the Canadian Forces Recruit School Basic Training at Cornwallis, Nova Scotia on August 10. Also graduating was Richard Aspden, a nephew of Dennis Griffin. Timothy's parents, Mr. and Mrs. Bruce Fearrey, of Haliburton, attended the ceremony.

PineStone Inn and Country Club have now opened their full 18 holes of golf. We have been talking with several golfers who have played this course recently and they tell us that the fairways and greens are in excellent condition.

The Canadian National Exhibition in Toronto is in full swing and this, as always, will have an effect on the local summer tourist trade. In previous years many of our visitors left early to take their children back to the Ex. This year whether it's the nice weather we are having, with the exception of a few rainy days, that's making the difference or not, but we can notice that the tourist season up to this point hasn't been dropping off as much as it did in other years.

I was standing in front of Halco Audio Visual store in Haliburton one day last week when Brian Foster pointed out to me that a car parked near the store with American licence plates had the word RETIRED on the plates instead of numbers.

I met Dave Sands who is the camp director at Camp Illahee on Drag Lake in Stedmans store recently and he handed me a \$10 bill and told me to give it to one of my favourite charities. This is the money that Dave had won as a prize winner in the pyjama contest held in conjunction with Midnight Madness. I have decided to give the money to the Kidney Foundation of Canada.

We have been receiving some phone calls here at the office from people who are wondering what the Kinmount Fair dates will be this year. We would like to inform everyone that this very popular fair will be held on Saturday and Sunday, September 1 and 2. We understand that the Kinmount Fair Board have gone to a great deal of work and expense to bring in some top flight entertainment for your listening pleasure.

At a recent meeting of the Rotary Club of Haliburton the members welcomed back their exchange student, Cathy Woods, who has recently returned from New Zealand. She gave a very interesting report in her newly acquired accent together with a slide presentation. Cathy obviously had a full and busy year which she thoroughly enjoyed. The club members should feel proud to participate in such a rewarding programme for the young people involved and that we have young people of Cathy's quality to represent Haliburton and Canada around the world. Outgoing exchange student Terry Burrows was also present at this meeting to pick up some pointers.

My how time flies. The hockey school which is held annually at the Haliburton arena in connection with the Haliburton Hockey Haven is winding down and it won't be too much longer before it will be all over for another year.

Bishop Desmond Hunt will be preaching at St. George's Haliburton outdoor service this coming Sunday, August 26 at 10:30 a.m.

Question

By CATHERINE DENHOLM

Did the second political debate do any good?

The second debate by the three political leaders would not alter anyone's vote. The important part of that performance was not which man made the highest marks, kept his cool or looked and spoke like a prime minister. The good result of that debate was that the issues which had been brought to the fore by women in the 1960's and later became family matters, those same issues in one evening on prime time television, became of national significance.

So the leaders were there to get the votes of women. True, but, they also recognized that these problems would have to be dealt with by the next government.

Some are problems which have been with us always, but have become known about and openly discussed only in recent years, such as battered women, abused and molested children and property rights.

Some are difficulties which have proliferated

because of unemployment and family insecurity, such as divorce laws and support payments.

Some are part of the changing structure of society such as equal pay, day care, and affirmative action.

Some are simply for survival, such as nuclear disarmament.

In the past it has always been supposed that if there is financial and employment recovery, if there is an upswing in the economy, then other problems are automatically looked after. Certainly, if there ever is full employment again some of these things will be helped. However, I think you will agree that there is a degeneration in our society which cuts across all wage scales from well-to-do to welfare. Rape, murder, violence and drug related crimes are frequent occurrences.

This degeneration, apparent in recent years, will continue unless the solution of social problems keeps pace with the confusing changes from the industrial past to the technological future.

Queen's Park Report

My colleague, Julian Reed (Halton-Burlington) recently made a statement to the Ontario Energy Board with respect to hydro rates, the gist of which was as follows:

For a number of years, our party has actively pursued in the Legislature the matter of Hyrdo's expansion program, its associated costs, and its effects upon electricity rates for Ontario consumers. Hyrdo's proposed 9.1 percent increase for 1985 (almost double the inflation rate) is totally unacceptable when millions of Ontarians are desperately trying to live within their means at this time of economic hardship.

We have for years been faced with Hyrdo's conviction that it knows best, that what is good for Hyrdo - namely constant expansion - is good for Ontario. There has been the ever present threat that if Hyrdo is hamstrung in any way, the lights will surely go out a few years down the road. We believe that what is good for Hyrdo is not necessarily good for Ontario, that we cannot afford the economic waste of a state within a state.

Undoubtedly, Hyrdo's growth and success since 1906 has been a major factor in the economic development of Ontario. Because its success is essential to our future development, we need to know what has gone wrong with government control of the Corporation over the last decade.

The Ontario Energy Board has performed a useful function through its yearly rate review, and we are concerned about the Board's lack of power as the regulatory body responsible for reviewing Hyrdo rate increases.

We submit that the Board's annual review is seen as little more than a charade, that Ontarians have been falsely led to believe by the provincial government that Hyrdo is accountable to the Board.

Under the Power Corporation Act, the Board's report is not binding upon Hyrdo, making the Board simply advisory. Therefore Hyrdo, with a virtual monopoly, sets its own rates. Why must a gas company live with rate increase recommendations by the Board, while Hyrdo remains exempt?

The Board should make it clear to the government that it will not continue to be used in this way, recommending that it have final responsibility for approving rate changes. Hyrdo has neither the openness nor the political accountability necessary. The government has cut off all avenues of control of Hyrdo, giving the Energy Board few powers, disbanding the Select Committee, restricting the scope of the Public Accounts Committee inquiry. Hyrdo blunders and empire building are mainly responsible for dramatic rate increases.

Federation of Ontario Naturalists

By ARLIN HACKMAN

It's been a long time coming, but finally there's good news for the Niagara Escarpment. Almost 18 years ago, an editorial in the Ontario Naturalist and a subsequent government study staked out the terrain for the struggle to bring orderly development and conservation to this ancient escarpment that winds from Queenston to Tobermory. Today the ground is littered with casualties: here a study rejected, there some partisans who gave up, over there some development projects stopped in their tracks. And on all sides, great chunks of the early planning area abandoned to the crazy-quilt pattern of pits, quarries and condominiums that threatened to destroy the integrity of the entire 400-million-year-old environment in only a few of our lifetimes.

But finally, on July 31, 1984, down from the mountain of studies, briefs, hearing transcripts and draft plans, came Provincial Resource Secretary Norman Sterling bearing his version of the ten commandments for the future use of the escarpment. And his speech to the roughly 200 people who packed a press conference in Burlington, sent a ripple of joy and hope through the heart of the conservation community. To

quote activist Lyn MacMillan, who led the conservation forces into battle year after year: "This is really a red letter day for the environment."

Here are some of the reasons why:

Three controversial development proposals, including the infamous Epping Common recreation complex in the Beaver Valley, have been rejected.

The province will channel \$25 million over the next ten years through the Ontario Heritage Foundation for the acquisition of private lands along the escarpment.

A Niagara Escarpment park system will be established, consisting of ten parks linked to the Bruce Trail and roughly 100 other natural areas scattered across the overall planning area.

Responsibility for development control to implement the Escarpment Plan will be delegated to local governments where they demonstrate the capability and bring their official plans in line with the Escarpment plan. Where this does not happen, the Niagara Escarpment Commission (NEC) will retain its present responsibilities. It will also monitor overall implementation of the plan and be able to appeal local government decisions under the Planning Act.

Pic of the Past

Our thanks this week to Robert H. Brohm of Haliburton for giving us permission to use this photo taken in the early 1940's showing some

of the members of the Brohm family and some of their friends, who were gathered outside the Henry Brohm residence on Mountain Street in Haliburton next to the property where the Senior Citizen Apartments are now located. From the left, Bruno Tiberi, Mrs. Henry Brohm, Henry Brohm, Dave Pollard, Dorothy Brohm, Jack Austin, Mary Dollo, Irene Brohm, Jack Pollard.

From the Chamber

The Chamber of Commerce takes pleasure in welcoming a new member to our team. Dennis Casey is the new senior project officer, for the Haliburton Outreach Centre, which is sponsored by the Haliburton Highlands Chamber of Commerce.

Dennis is a resident of Haliburton County and has several years of managerial and administrative experience. He has recently worked with the Haliburton Industrial Training Committee, studying the need to establish the necessity of setting up formal courses at Sir Sandford Fleming College in Saw Filing (Primary Wood using Industry) and cook and maintenance person (Hospitality Industry).

He has also worked with Dixie Lee's personnel department, as field representative for Boy's Explosives, project manager for Skyline Rides, partner, office manager for Shamrock Drillers Ltd., and as a partner in Shamrock Shell Centre.

From December 1982 to May 1983 Dennis served as administrative assistant to the Haliburton Highlands Hospitality Training Committee, assisting in the design and development of a training course to train individuals to work in the hospitality industry.

Dennis has also made a contribution to the community by serving on the board of the Haliburton Highlands Chamber of Commerce, Lake Kashagawigamog Tourist Association, Central Ontario Travel, Ontario Chamber of Commerce as a member of the grading sub-committee of the Ontario Road Builders Association.

More letters

from page 4

was reported, in a story equal in length to the article on Scott, on page three, which is also a primary news page. The difference in location is a result of layout considerations rather than political bias. The Echo makes a conscientious effort not to favour one candidate or party over another. Readers may recall that the newspaper covered the convention which chose Brian Mulroney to head the Conservatives in 1983, and the Liberal convention which chose John Turner, something that very few community newspapers attempted.

As for the publishing of press releases from candidates, we have not published any of them so far in this campaign, and will continue that policy. We have, however, interviewed each candidate and written stories containing their views. We will continue to do so as the election nears.

Lastly, the advertisement referred to by Mr. Wedmann was not received by the Echo until this Monday, and it appears in this week's issue.

Dennis assumed his position on July 30. His orientation period is now complete and he is ready to meet with employers seeking staff and candidates seeking employment or retraining to discuss the programs available.

We get letters

The following letter arrived in this week's mail. We think this one proves that "there are no strangers in Haliburton, only friends you haven't met."

"Harts out' to John Mateer and Bob White of Hart Lodge by the dam at the foot of Twelve Mile Lake! The dam is where we mutually agreed after two soggy days of steady rain that our supertrip, ten days of fun in the Haliburton sun, should come to a temporary rest. The canoe was moored and our bedrolls, gear, etc. left wallowing in the day's downpour which welled up under the groundsheets above the keel. The girls, Jenn and Marian, both 15, on their first canoe trip, were wet and discouraged as they plodded up the hill to the lodge for hot drinks. As non paying guests here, we were never the less given a very 'Harty Welcome.' But what now? Our month of planning called for a faultless excursion through 15 lakes and 10 portages along the Gull River system. It began at the Frost Centre, St. Nora's Lake and if successful, would end at Sir Sandford Fleming College on the Scugog River in Lindsay. In the teeming rain, we had little cause to take shore leave or even meals, so as a 'dubious spinoff benefit' we had, by reaching the dam, completed some 50 kilometres, or one third of our voyage in less than 10 days. We wanted to continue but under a dryer sky! John and Bob reluctantly gave us the two day forecast, 'Rain, rain, with possible thunderstorms in the evenings for two days to come.'"

We had stashed the old "fishing car" at M.N.R. in Minden for just such an unpleasant eventuality, but yet close, how to reach it? We learned through lodge staff that there was no regular bus service and we had just missed a possible lift on the "honey wagon" that serviced the lodge that afternoon.

This is where John Mateer and Bob White really displayed Haliburton's concern for tourists in general and a personal concern for our situation in the rain. A meaningful glance between the two and some mumbling about needing a small can of roofing tar and the girls and I were off to Minden, our transportation home, and a chance to re-evaluate weather and whether or not to complete the trip this year.

Not an earthshaking event, but an act of Kindness that the girls and "old Dad" will recall as our best experience in the rain -- by a dam site!"

Don, Jenn and Marian

THE COUNTY OF HALIBURTON
ROADS DEPARTMENT
TRUCK RENTAL

The County Roads Department will accept tenders for the rental of one tandem cab and chassis, with operator, for winter sanding out of the Ingoldsby Patrol Yard. The eight yard sand unit will be supplied and installed by the County.

Tender forms are available from the undersigned and close on Wednesday, September 12, 1984 at 4:00 p.m. local time. Lowest or any tender not necessarily accepted.

Bill Chuchman nears the finish line of the annual Green Lake Fun Run on Sunday after 37 minutes of running.

Speed tested in Green Lake Run

A total of 23 competitors turned out to run the 10 kilometre course

Cool temperatures and bright sunshine added up to ideal weather for the annual Green Lake Fun Run last Sunday morning, and a total of 23 participants turned out to test their endurance over the 10 kilometre distance.

First to finish the route around the shores of Green Lake was Paul Dibiasi, who crossed the line in 32 minutes and 41 seconds. Second was Bob

Gladish in a time of 33:22. Ralph Schwengers was third in 33:42.

Other finishing times were: Cam Morrison, 34:58; Ted Burns, 36:42; David Moore, 37:18; Ed Bunker, 37:37; Bill Chuchman, 37:53; Doug Collins, 38:06; Vic Masi, 38:32; Marla MacNaull, the first woman across the line in 39:49; Bob MacNaull, also 39:49; Mirek Zitta, 40:24; David

Phillips, 40:30; George Steeves, 40:37; Gary Inness, 40:57; Anne McMullen, 41:05; Penney Johnson, 42:48; Bill Coedy, 42:48; Doug Winer, 43:17; Sue Bunker, 43:26; John Kerk, 48:02; and Gordon Cressy, 48:02.

Two bicyclists also completed the route. Jeremy Phillips and Marjorie Phillips crossed the finish line in a time of 40:24.

Drag Lake sailors vie for titles in 5 divisions

Drag Lake Property Owners held their sailing events last weekend. Saturday, from no breeze at all to a very moderate one at the 11 o'clock start, provided a real test of sailing skills. First was Tom Moore in an Albacore and second was Craig Martin in a Laser 2. The cats did not do well at all in a very light breeze. Twenty boats were entered.

Results were: Albacores - 1st, Tom Moore; 2nd, Illahee (Andrews); 3rd, Illahee (Rick). Cats - 1st, Thorney Bailey; 2nd, Paul Slipper. 12' and over - 1st, Lampinen; 2nd, Butz; 3rd, Wilson. Wet Boats - 1st, Martin; 2nd, Ferguson; 3rd, Fenwick.

Sunday was a much better sailing day. Skippers enjoyed a fresh breeze and the windsurfers underwent a real test of their abilities. Eleven competed. Results were: 1st, Tim Podmore; 2nd, Sue Appleby; 3rd, Bob Lum (Podmore).

A total of 23 runners set off on the annual Green Lake Fun Run Sunday morning under sunny skies and cool temperatures that were perfect for the event. First to finish was Paul Dibiasi in a time of 32:41. First woman across the line was Marla MacNaull in a time of 39:49.

Beachli, Kinsmen win in playoffs

Curry Motors and Haliburton Lumber wrapped up regular season fastball play with wins last Tuesday, but when the opening round of the playoffs began on Thursday, the scores turned in favour of Beachli Construction and Haliburton Kinsmen, leaving the builders and the motormen down by a game apiece.

In the final league games last Tuesday Curry Motors were steady at the plate and on the mound, building up a 5-2 advantage over the Kinsmen by the top of the seventh inning, while Haliburton

Lumber came up with a strong sixth inning to out-point Beachli Construction 9-7.

The motormen opened with a run when Kevin Sisson notched a single to score Ron Linklater, who had been walked.

The Kinsmen came back with two runs in the bottom

of the third as Brian Mulholland and Vince Duchene each completed the circuit after hits.

Curry Motors tied the score in the top of the fourth when Erin Nicholls came in for a run on a sacrifice infield shot by Earl Bull. The motormen moved ahead in the fifth when Wade Stamp hit a

sacrifice fly to left field that scored Barry Boice.

A 5-2 victory was cemented in the top of the seventh as Wade Stamp hit a two RBI single that scored Barry Boice and Ron Linklater.

Close action

The action was closer in the second match of the night, with Haliburton Lum-

ber chipping away at an early four run advantage built up by Beachli Construction hitters.

The builders jumped to a first inning lead when Roy Hewitt was walked and Mark Schell doubled to drive him across. Darrell Stamp then walked and stole a base.

Dixie Lee ties Orillia city 3-3

By JIM MILNE

Dixie Lee played to a 3-all draw against Orillia City in Muskoka District soccer action last Sunday in Orillia. Dixie Lee now has 9 points, one more than last season's total. In addition, the team

has played four games without a loss, but it was unable to move up on Orillia City, who remain in sixth place, with 12 points.

Mike Hatkoski scored all three goals for Dixie Lee and ended a long term of bad luck

around the net. Although he has had a number of scoring chances his only other goal was scored in the third game of the season on May 27.

As for the game itself Dixie Lee opened the scoring from page 7

Maria Rosenberg of the Haliburton Juniors waits for a pitch during a game against West Guilford last Wednesday night.

Close games open playoffs

from page 6

Wade Stamp was walked and John Robinson doubled to drive both Stamps across, Schell having scored earlier.

The Lumbermen replied with one run in the bottom half, Tran Larue scoring the point on an RBI triple from Dwight Sisson.

The Lumbermen moved to within a single run in the bottom of the third as Tran Larue doubled, Dave Nicholls sacrificed to score Larue, and Bernie Nicholls scored after doubling.

Beachli hitters came up with two more in the top of the fourth as Roy Hewitt and Mark Schell each completed the circuit on a double by Darrell Stamp.

Haliburton Lumber scored two in the bottom of the fifth as Bernie Nicholls and Dwight Sisson each made it home after singles.

Bob Johnston scored one more for the builders in the top of the sixth on Roy Hewitt's sacrifice fly to centre field, but in the bottom half Haliburton Lumber caught fire, turning a 7-5 deficit into a 9-7 advantage.

The rally began when Tran Larue got safely on, then

Dave Nicholls connected for a two RBI homer. Bernie Nicholls was walked, and Dwight Sisson followed up with a single. With two men out, Kevin Sisson got the game winning single, driving Nicholls and Dwight Sisson home to complete the two run victory.

Playoffs begin

Playoffs got underway Thursday night with a pair of games that reversed Tuesday's results.

In the opener, Beachli Construction scored three runs, while Haliburton Lumber could manage only a single point, scored by Bernie Nicholls on a series of builder errors.

The builders took a one run advantage in the top of the fourth as Bob Johnston and Roy Hewitt each scored with help from subsequent hitters. They got the insurance run in the top of the seventh when Mike MacNaull was driven home on an RBI single from Jerry Thivierge.

The night's second game was even closer, as the Kinsmen squeaked by Curry Motors 2-1.

Kinsmen scored one in the

bottom of the fourth on a sacrifice shot from Jerry Walker that brought Brian Mulholland across.

Curry Motors replied in the top of the sixth when Wade Stamp came home on errors.

The Kinsmen earned the victory in the bottom of the seventh after Barry Shaw was walked, stole two bases and scored the winning run.

Wade Stamp hurled 14 strikeouts for the motormen, while Barry Shaw struck out seven Curry Motors batters.

Minden Seniors score 12-9 win in playoff game

Submitted

The Minden Dixie Lee Seniors defeated the Haliburton Juniors 12-9 Monday night in Minden. That gives the Seniors a one game to none lead in the Haliburton County Ladies' League final.

Trish Slavik led all batters with a three for four night. She also scored two runs. Also scoring two runs were Sue Pye, Barbara Winn, and Laurie Brown Wood.

Jane Symons played a strong game defensively behind the mask for Dixie Lee. Nelda Cully went all the way to take the win. Marg Smith took the loss for the Juniors.

Game two in the best of five series will be played in Haliburton Wednesday night at 6:30 p.m.

Dixie Lee ties

from page 6

but still found themselves playing behind for most of the game. City scored their goal on a penalty shot which Andy Shapiera saved, however, the kicker was in the clear to put in the rebound.

Next Sunday, Dixie Lee play Bracebridge Juniors in Bracebridge. The team will practise on Thursday in Minden at 7:00 p.m.

Haliburton Juniors pitcher Margaret Smith prepares to send the ball across the plate.

Campaign aimed at drunk drivers

"Be a Sober Driver" is the slogan for a province-wide campaign during July 1 to September 3. Statistics show that more alcohol-related serious crashes occur during the summer than during the Christmas season. According to the Ministry of Transportation and Communications figures, only 8% of all crashes are alcohol-related, but 33% of all fatal crashes are

alcohol-related. The Civic Holiday weekend was the worst of any of the long weekends for traffic fatalities and injuries.

The Addiction Research Foundation offers the following thoughts for summer:

A short time sunbathing, exercising or swimming will not sober you up before you drive. Some of these activities may make you perspire,

but only one per cent of the alcohol in your body is lost in sweat. Most of the alcohol is eliminated by your liver. And it takes well over an hour to eliminate even one standard drink.

Black coffee will not sober you up before you drive. All you become is a wide-awake drunk who continues to have problems when trying to drive a car safely. It takes well over an hour to eliminate the effects of even one standard drink.

Your driving ability can be impaired if your blood alcohol level is as low as one-fifth of the legal limit which is 80 milligrams of alcohol per 100 millilitres of blood or .08%. And impairment can be even greater when you are anxious, angry, nervous, tired, ill, or taking other drugs. In these situations

Please turn to Page 13

Trent Severn News

The stored water in Haliburton Lakes declined only 1.5% to 79.1% over the week to Monday, August 13. Near minimum flows were run during this week from these tributaries. From the 13th to the 17th the flow was increased again considering that the levels still average some 10% greater than the 10-year average for this date.

Considerable rain has occurred in the Kawarthas and in Haliburton recently so there is not much need to try to conserve water as was done earlier in the summer. Otonabee River flows leaving the Kawarthas are therefore running above average and considerably above the minimum to reduce the surplus in case of a possible wet autumn.

Ontario Naturalists

from page 5

The news is not all good. Sterling recommends weakening restrictions on sand and gravel extraction, especially for wayside pits. This must be fought. There's also a lot of fine print to digest regarding urban and residential development rules, as well as amendments to the Planning Act to institute the site-plan control system through which local governments will assume the NEC's development approval function. So a lot of the story can't be written till the plan is put to the test.

More generally, in defending the apparent conservation thrust of this recommendations, Sterling cleverly noted that conservation "keeps the options open" for the future. A double edged meaning that can cut both ways.

Even now, the provincial cabinet may alter Sterling's recommendations in its final decision, based on public comments allowed up to September 14. Though the chances of this seem small, the Escarpment Plan, unlike Moses' ten commandments, will not be carved in stone. Sterling headlined his presentation with the catch-phrase "a commitment renewed". As the Epping Common decision in itself confirms, this commitment closes a long chapter of an epic drama on a high note. But a commitment renewed is not necessarily the same thing as a promise kept. It will always take concerned citizens like you and I to close that gap.

Swimmer raises funds for church

Close to \$100 was added to the expansion fund for Our Lady of Fatima Roman Catholic Church in Minden last Sunday when Ann Marie Vanlieshout successfully completed a marathon swim in Maple Lake. The swim, down the length of the lake, took an hour and ten minutes to complete. Vanlieshout raised the money by collecting pledges from neighbours and family. She was accompanied on her swim by her father who coached her from a boat. As well, Vanlieshout also received encouragement from the elders of the Minden church who gathered at the far end of the lake to cheer her on.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Northern Lights

By VIRGINIA MUENZEL

It's so quiet. So incredibly quiet. They've all gone home. My dad and step-mom. Ed's aunt, my aunt. And his mom. We stood on the porch in the pouring rain, waving them off, but the raindrops on our faces were tears. We cried through the morning motions, and through the back-to-normal routine. We cried because life is so frail.

"The ladies", is what we call Ed's mom and Aunt Clara. These dignified, awe inspiring women, who gone through so many of life's tragedies with chins held high, and backs unbent. Mom, with her artificial knees, and her inflamed elbow, and her ever-smiling face. Aunt Clara, with her new, very thick glasses, and her gnarled fingers covered with tissue-thin skin, and her memories of all the places she's been and all the sick relatives she's given her time to, without a grumble. Between them, they have over one-hundred and seventy-five years.

My Aunt Mariam, who seems eccentric to those who don't understand the difficulties of being almost totally deaf for all but a few short years of your life. Who makes quilts from cloth belonging to my Grandmother, and teddy-bears, and recovers furniture, but not too often just lately. My Dad, who hides his feelings, but feels none-the-less. He's hidden his age so well for so many years. He's stood the loss of two wives, and the fear of losing another. He and his sister own a century and a half.

Then, my Step-mom, who has been unwell for so long, and is finally beginning to enjoy life again. It was so good to hear her laughing and joining in the family fun. She has also had her share of painful experiences. And she has reached the age of social security.

It pained us to see them go. We wanted to keep them here forever. But, of course, it would become a strain. We all have our own ways and places. And so we have to keep them with us in our hearts. Remembering a story, or a pleasant day, to bring back the warmth of their presence.

Today we'll cry, because we cannot touch their hands or see the smiles. Because, we fear we might not touch again. But love is strong, and we know that no matter what, these lives that have so long been intertwined with ours, will never cease to be.

Oh, God, sometimes love hurts!

Home Support News

By DONNA BAILEY

The fourth annual meeting of Haliburton County Home Support Services will take place on Friday, September 14, at the Haliburton Legion. Registration will take place at 11:30 a.m. with lunch at 12 noon. The cost will be \$4 each. The Ladies' Auxiliary of the Legion is catering our lunch. The formal part of the meeting will commence at 1:30 p.m.

Sharon Chapman-Sheehan, a social worker who has been hired part time by the Peterborough Family Counselling Service to counsel seniors and their families on problems related to aging, will be the guest speaker. Please plan to attend and bring a friend.

Please phone our office before September 6 for lunch reservations. Our number is 457-2941. Everyone is welcome.

Ed Pettinger practises first aid on a doll during a Red Cross emergency first aid course for volunteer drivers held at Haliburton's Home Support office. Instructing

Pettinger is Red Cross summer safety services program director Sue Tickle.

Did You Know?

By BAMBI GILDER

Did you know...that there is an information service in Ottawa prepared to assist you in various aspects of the upcoming federal election?

With the enumeration of electors taking place at the height of the summer vacation, it is expected that enumerators may have experienced difficulties finding voters home. This means that a higher-than-average number of potential voters may have to take the initiative to have their own names added to the list at revision time.

The Elections Canada Information Services will pinpoint your riding and see that your name is put on the voters' list. They can also give statistics on recent elections or if you feel that you have a serious complaint, such as a party doing something illegal, if you see a bar open on polling day, suspect that someone has voted twice or if you just

have a question regarding information about the system, contact the Elections Canada toll-free number at 1-800-267-2364 or call collect to their press line at (613) 993-2224.

Please keep in mind that your County Information from page 12

Senior League

By BERT HARRISON

Dear readers, how the time keeps rolling on. By the time you get this letter the summer will be all gone. Then comes September and I do declare, we'll be shedding our summer undies for heavier underwear.

We had Sharon Gilligan working here for some time, waiting on tables when we sat down to dine. We had hear she was leaving here, when she told me she was going I nearly shed a tear. She is going to take a nursing course up at North Bay.

Mrs. Della Curry's son and his wife came on Sunday, to take his mother to Haliburton Cemetery for decoration day.

Mr. and Mrs. George Cowen called on me Saturday. Mrs. Cowen is my sister by the way.

Lily Hogg and Edna Cowen attended Edna's niece's wedding reception Saturday night. Then Edna spent the weekend at her daughter's, Marie Baker and did the job up right.

It's nice to have Doris back again after two weeks of holiday. Her sister, Linda did a really good job while Doris was away.

Down at fun and fitness different games we carry on. The game we played Monday morning was won by Doris Vaughan, which was really good. The game we played last Friday was won by Millie Wood.

Our sympathy goes out to Harold and Ruth Thompson, in the passing of Ruth's sister. The Thompsons couldn't attend the chapel service, so we had no one to play the music. Rev. Burgess did it all and it was very interesting anyway.

We were all so glad to hear that Rev. John's mother came through her operation fine. She'll be returning home in a really short time.

Linda showed us movies Monday night, really interesting. I'm telling you, entitled "Saddle Maker", "A Very Special Day", "Ottawa, Reflection of a Nation", and "Peterborough's Zoo".

A tribute to the Sour Notes from Lochlin: this is the name I hear they have. They sang so nicely and well arranged. At Hyland Crest we needed a change. It was a nice change, well worth a buck. So come again and to all, good luck. (By Annie Cox)

Congratulations to Peter and Rachel Fearrey, we would like to say, on the birth of a baby daughter on this 14th of August day.

Tuesday morning Rev. Wicks of Minden Gospel Church held a very interesting service in the chapel, at which time he took each beatitude and told us what they meant.

Tuesday afternoon Doris took us in the bus along with volunteers to James Cooper's lovely home at Beech Lake, where we go every year. They always treat us royally and we enjoy it so. Jim took all for an airplane ride, who wanted to go. We thank him for a really nice time and thank our volunteers too. Without these loyal helpers, what would we ever do?

We have a new waitress in our dining room; her name is Adele Wray. She is doing a very good job too. She just started yesterday.

The Houghton musicians came again Tuesday night and did the job just right.

Sympathy to the Berry family from all here we would like to say. Don's father passed on yesterday.

Wednesday morning little children from vacation school along with their leaders, Wendy Kinsman and Toos Reid, acted and sang for us so well. They also made us presents which we will treasure. We thank them for coming; it gave us much pleasure.

A new Katimavik group arrived in Minden yesterday. Thursday morning Doris took them in the bus along with some of us, to show them points of interest all along the way. Sitting beside me was a nice young man from Montreal. We had a very nice visit. A nice time was had by all.

Thursday afternoon members of Club 35 came down from Halls Lake. They brought and served a delicious lunch for we residents to partake. Then Doris played the music for a jolly sing-a-long. It's nice to have this fellowship; we'll miss them when they're gone.

Meticulous
There was a young lady from Crete
Who was exceedingly neat.
When she got out of bed,
She stood on her head,
To keep from soiling her feet.

While some rock collectors like their minerals rough, and in their natural state, others, such as this exhibitor at last week's Rockhound Fair, prefer their stones polished and mounted in gold or silver settings.

Stanhope council minutes

from page 3

original allowance for road (lakeshore) fronting part lot 3 concession 5, Kushog Lake.

Council acknowledged re-

ceipt of minutes of a meeting held by the Recreation, Parks and Community Centres Board of Management on

July 4, 1984.

Council authorized and directed that an application be made to Transport Canada for financial assistance to carry out construction work on the existing Stanhope Municipal Airport runway.

Council approved general accounts totalling \$26,400.56; Road Voucher #7 in the amount of \$19,571.63 and July, 1984 Welfare totalling \$2,856.59.

By-law 84-18 to prohibit diving from certain municipal bridges was passed.

The next regular meeting of council will be held Wednesday, September 12, 1984 at 8:30 a.m.

Pinestone opens course

Pinestone Inn's golf course will officially become 18 holes next Monday, and a number of dignitaries, hockey personalities, and media representatives will be on hand to mark the occasion.

A highlight of the day will be a golf clinic featuring Canadian golf professional George Knudson, which gets underway at noon hour.

Among those expected to be on hand for the opening ceremonies are Ontario tourism and recreation minister Reuben Baetz, MPP John Eakins, MP Bill Scott, Dysart reeve Murray Fearrey, and county warden Lyle McKnight.

As well, a number of hockey people, current and past, will participate in the day, including Walt McKechnie, Tommy Williams, Dick Duff, Skippy Teal, Gump Worsley, Danny O'Shea, Frank Bonello, Sid Smith, Sandy Air, Ted O'Connor, Harry Howell, Bernie Nicholls, Nick Beverley, Norm Defelice, Ed Calhoun, Jack Stoddard, Gerry MacNamara, Danny Maloney, Tommy O'Connor, Jack Davidson, Jim Gregory, Red Sullivan, Gerald Blair, Chris Roberts, Ian Yonge, Scotty Morrison, Ray Cullen, and Ken Schinkel.

Jumpers for babies controversial

By NINA LITTLE
Infant Development
Consultant

The jumpers that became popular a few years ago are controversial today. Jumpers consist of fabric or plastic seats which are hung from the tops of the door jamb by a metal clamp. The seat is suspended above the floor by a combination of chains, springs, or rubber and fabric straps.

While some babies approaching crawling age enjoy the jumping and bouncing they can do in the jumpers, others protest until they are removed. Once babies can walk by themselves, they uniformly dislike being put in a jumper.

A baby using a jumper

should always be watched closely. Head injuries can occur by knocking into the sharp corners of doorways. Some models put pressure on the baby's inner thigh, causing red marks. Occasionally, the clamp releases or straps fray and break, dropping baby to the floor or against the doorframe.

In addition, physicians have reported "seasickness" in babies after prolonged vigorous use. There is also the danger of whiplash in tiny babies whose neck muscles are too weak to maintain their head in an upright position.

Specialists in pediatric orthopedics have also expressed concern about the load on an infant's weak spine, neck

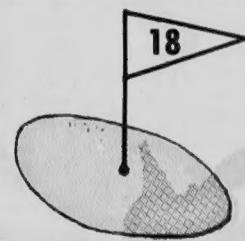

and back muscles, and the danger to growing bones from a bouncing injury.

Specialists in infant development view the jumper as a device that, if anything, impedes the baby's practise and strengthening of motor skills, particularly when used in excess.

You can try placing your baby in a jumper in his fourth month only if he can sit in it for about 10 minutes with his head up and his back straight. Baby should be barefoot and should be able to place his foot on the floor properly. At first do not leave him more than 3 to 5 minutes, once or twice a day. You can build up to 10 to 15 minutes.

TOURISM

"The federal government has ignored tourism as a business, refusing to recognize it as anything other than a source of taxation."

Sunday Star, April 15, 1984

As a result:

- ★ Canada had a record travel deficit of \$2.2 billion last year
- ★ Our travel deficit is now \$5.7 million a day. Americans spend \$3.4 million a day less while travelling in Canada than we do in U.S.A.
- ★ Canada's share of world tourism FELL to 2.7% in 1981 and is still dropping

To come to the rescue of our tourism trade a PROGRESSIVE CONSERVATIVE government will:

- ★ Appoint a Minister of Tourism, whose sole responsibility is the assistance of the industry
- ★ Develop a National Tourism Plan for Canada, which we started to do in 1979. It was shelved by the Liberals in 1980
- ★ Create real growth in our economy which will stimulate all small business including tourism.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Rockhounds flock to Wilberforce for annual fair

By ELIZABETH CHURCH
Staff Reporter

The sound of a pick and hammer, the cool feel of a rock sample in your hand, and the chance to exchange stories and swap minerals, lured rockhounds to Wilberforce last weekend for the annual Rockhound Fair. While many may still associate rock collections with small children on the beach, serious rock enthusiasts have turned rockhounding into the second most popular hobby in the world, surpassed only by stamp collecting.

During the three day fair, mineral collectors, gem cutters and jewellery makers displayed and sold their wares at the Wilberforce arena. Items ranged from rough stones to polished slabs and cut gems mounted in gold and silver settings. For the novice there were books on mineral identification and pamphlets on minerals found nearby. Dr. Donald H. Gorman, a Professor of Geology at the University of Toronto and an avid rockhound himself, was also on hand to offer advice and to identify mineral specimens.

Even for the most well informed expert, mineral identification can prove to be a tricky business. Although colour is the most noticeable feature of a mineral, only a few minerals can be positively identified by their colour. Since small amounts of chemical impurities can alter colour, most minerals are found in a variety of colours.

To name a specimen, other, more reliable characteristics must be checked. The variety of mineral may be discovered through a "streak test", a process where a piece of the rock is crushed or it is rubbed across a porcelain plate.

The type of mineral may also be determined by its hardness. Minerals are graded on a scale of one to ten with talc, the softest mineral, set at one and diamond, the hardest, representing ten.

For those interested in searching as well as collecting, a wide range of picks, chisels and hammers were on sale and day hounding tours conducted by fair organizers were held on both Saturday and Sunday.

This year, however, rockhounds had a special opportunity to hunt for minerals in the newly exposed rockcuts made as a result of construction on the Essonville Line. While many rockhounds chose to look at displays in the arena or sign up for a guided tour, others struck out on their own to chip at the new rockcuts and scramble over the

West Guilford News

By E. COOPER
Congratulations to Rex and Grace Boice who will be celebrating their 25th anniversary on Saturday at the Recreation Centre. Everyone is invited to extend best wishes and come to the dance at the centre in the evening.

Mrs. Violet Sisson has had part of her family home recently: Marguerite and Murray Scott and son Randy; Maizie and Ken Sheridan of Toronto, and their family, Paul and Wendy and son Matthew.

Petra Pequegnat has been travelling with her son, David. On August 8 they attended the Clare Burt barbecue in Brampton. Nine days were spent in Kitchener with friends and with Marcel Pequegnat, Petra's father-in-law, now 98 years old. This gentleman was the guest of honour at the Kitchener showing of Pequegnat clocks at Schneider's House. The

holiday concluded with Petra and David's attendance at the Stratford Theatre to see "A Midsummer Night's Dream".

Beth Cooper leaves this week to attend school at Trois-Rivieres for the full school term. This is the third year of her four year course in translation from Laurentian University.

Final preparations have been undertaken for a salad supper at St. Andrew's Church on Saturday. Come and enjoy it, everyone.

Congratulations to Anne-Marie VanLieshout who swam the length of Maple Lake from her home on Sunday. She finished in record time, one hour and 10 minutes. Contributions went to Minden Roman Catholic Church as people individually donated money in recognition of Anne-Marie's achievement.

Norland Natter

By KELLY GRAHAM
To start with I would like to congratulate two local artists whose work will be shown at the Buckhorn Wildlife Art Festival. Lois Robinson, of Balsam Lake and Terrance Andrews of Cobocok are fine examples of local talent in our area.

There was a puppet show at the Norland Public School on Wednesday, August 22. I'm sure it was enjoyed by all

who attended.

My sympathies to Kim Chambers who was recently involved in a car accident. Kim, of Burnt River, fractured both her legs last Friday, August 10. Kim is the daughter of Sharon Chambers, a teacher at Norland Public School.

Here is another newsy letter from the Taylors in Norland: Mr. and Mrs. Dave Chamberlain of Oshawa and

Mr. and Mrs. Eric Piper of England visited with Gord and Lil Taylor of Norland for the weekend. The girls made a barbecue while the men went for a boat ride and a swim - clothes and all. Their money got water-logged but they got it dried out in a hurry. A good time was had by all. Thanks to the Taylors for all their interesting news and support.

boats, jobs, services, exciting garage sale "finds."

And remember, the Classifieds don't disappear in the wink of an eye. They have staying power to peruse at your leisure.

Gooderham News

By MARY HADLEY
Last Tuesday evening the "Florida Group" and their friends gathered at Graham's Restaurant for their annual get-together dinner. Special guests were Jack and Eva McKay of London, formerly of Haliburton. They, along with several from Gooderham, spend the winter in Sterling Park, Larkland.

A roast beef dinner was served, after which Gordon Barr read the minutes from the previous year and Jack McKay regaled the group with some amusing stories

and expressed the pleasure of himself and his wife at seeing many of their friends again. Birthday greetings were also extended to Beulah Barr at this time.

I was very pleased to have a visit last Tuesday from Marge and Joe Stellabotte of New York and Helen and Art Burrett of Peterborough. These couples were neighbours of mine in Antigua and still have their homes there where they spend the winter months. They told me that Antigua is now suffering from many years, having had no rain since January.

The Lambertsons from Michigan are holidaying at their cottage on the Irondale River.

Decoration Day services were held at the Glamorgan Cemetery at 2 o'clock last Sunday. Rev. Roger Sauve officiated with a very appropriate message. The event was favoured with beautiful weather.

Private Timothy Fearrey, son of Bruce and Pat Fearrey of Haliburton, graduated from Canadian Forces Recruit School Basic Training at Cornwallis, Nova Scotia on August 10. Tim will continue his medical assistant course at CFB Borden, Ontario.

Norland News

from page 10

that the Victoria County Board of Education set aside their plans for a new Northern school in view of the

recent announcement of a change in funding of separate schools. The council is hoping the board will perhaps provide funding for the present schools.

Did you know?

from page 8

Centre has information regarding the election that may be of interest to you. We can supply you with a list of the official candidates in each province, an up-to-date list of the Elections Canada offices in each of the 282 ridings in Canada, a voters' guide,

information regarding the responsibilities of the Chief Electoral Officer and returning officers and an Election Media Guide. Our office is open Monday through Friday, 10:00 a.m. to 4:00 p.m. and we are located in the Drag River Municipal Building (across from Emmerson Lumber) in Haliburton.

Rockhounds in Wilberforce

from page 10

debris of stones and boulders left from the recent blasting. "I don't know what type of minerals I'll find here, that's why I'm anxious" to keep looking," remarked a passing rockhound, as he headed towards the rubble, pick in hand.

The Wilberforce area is recognized by rockhounds and mineralogists all over the world as an exceptionally good site for collecting. It is known especially for the minerals associated with nepheline-bearing rocks and for minerals containing the radioactive elements of uranium and thorium. The area is best known, however, for its blue sodalite, a mineral of medium hardness that usually forms along fractures.

Although rockhounds on the Essonville Line had not found any examples of sodalite, one collector said he had uncovered some quartz and a blackish rock that he thought might be a mineral identified in his guide as tourmaline.

"I'll have to take a closer look at it when I get home," he said, placing the rock in a pouch and continuing on up the hill.

Minden News

By MAIZIE AUSTEN

Congratulations to Susan and Gordon Montgomery, who were married last Saturday.

A speedy recovery to David Ackers. I'm sorry you missed the birthday party, David.

There was a good turnout at the Minden fair and the weather co-operated. There were more rides for the smaller ones this year. The Fair Board is to be congratulated for a bigger and better fair. There seemed to be more room to get around between the different rides and games this year. It was a great fair.

We wish Charlie Palmer a speedy recovery. He is a patient in the Minden Hospital. Get well soon, Charlie.

The Ontario Whitewater Championship will take place at the Minden Whitewater Preserve Sunday, August 26. The course is located about four miles from Minden on the Horseshoe Lake Road 1. The kayaks pass so close you can almost touch them.

Household Hint - Glass. To separate glasses that have stuck together fill the inside glass with cold water, then set the outside glass in warm water. To polish cut glass of any kind, peel a potato and rub it over the glass. Wash and dry it well and it will have a high lustre.

Don't forget the Juried Fabric Show opens Friday, August 24 at the Agnes Jamieson Gallery. The tickets for the fashion show and wearable art are available now. The fashion and wearable art show will be August 31 and September 1.

Thought for the day: real love is helping someone who can't return the favour.

Elwood Austen and friends of Oshawa spent the weekend with Elwood's parents, Mr. and Mrs. Nelson Austen. They took in the fair while they were here.

The Thursday card party winners were the following: lone hands, Irene Houghton; others, Isobel Robertson and Charles Beharrell.

I hope you enjoy this recipe: Golden Egg Lunch: One 10 ounce can cheddar cheese soup, 1/2 cup milk, 4 slices toast, buttered, 4 slices of ham and 4 poached eggs. Blend soup and milk. Heat. Top each slice of toast with a ham slice and a poached egg. Pour on cheese mixture. Makes four servings.

Sincere sympathy to the family and friends of Holly Little.

If you have any news for me to include in my column please call 286-3607. Thank you.

We wish Cory Chiasson a speedy recovery. I hope that arm is better soon, Cory.

The nights are getting a little cool now, which means it's time to get at those little jobs that have to be done before winter sets in.

We wish Duncan Prentice a speedy recovery.

The Kushog Lake Cottagers' Association will be holding their first annual general meeting on September 1 at the Stanhope Community Hall at 11 a.m.

There are movies for the children at the library/cultural centre Tuesday evenings from 7:15 to 8:15.

Kinmount Korner

By MILLIE MOSS

Dora and Bill Lilley thoroughly enjoyed a visit with long time friends at their Wassie Lake home near Powassan last week. The friends had worked together for 18 years some years back, so had lots of news to catch up on.

Dora Lilley wishes to thank everyone who sent cards or offered sympathy in any way during the time of the loss of her sister who died in Montreal.

Tuesday, August 14 Bill and I had a great visit from a niece, Lolly, her husband Rudy Fiori and three of their four children, Lisa, Val and Gene. They live in Miami, Florida and this is the first time ever they've visited in Canada. Lolly was born in Toronto but had left for Florida when a small child so it was the first visit for her in 30 odd years. They all love it here and had one of our realtors take them to look over property while here with possible future summer home. The girls, Lisa and Val, attend university in Pittsburgh so this one was a short visit but hopefully they may be back to see what Christmas would be like with snow. It was also Val's 20th birthday when she was here so happy birthday Val. A little sidenote: Lolly brought us a poster of the Yorktown U.S. Navy Aegis Guided Missile Cruiser. Along with the poster came a booklet on the christening of the ship and the story of same. Rudy's aunt, Mary Mathews, of Yorktown, Virginia, formerly of the Peloponnesian city of Sparta in Greece, is the sponsor of this ship and chose as her Matron of

Honour, her sister, Mrs. Helen Fiori of Miami Beach, Florida. Helen is Rudy's mother. During Yorktown, Virginia's Bicentennial on October 19, 1981, President Reagan, Mary Mathews and Secretary of the Navy John Leaman participated in a ceremony authenticating the laying of the cruiser's keel.

St. Patrick's CWL card party Tuesday, August 14 results are: ladies' high, Clara Watson; ladies' low, Florence Morris; men's high, Connie Williams; men's low, Charley Henderson; lone hands, Mildred Williamson. There were eight tables.

Happy birthday to the mother of Jean Hollobon, Mrs. Agnes Selkirk, on her 85th.

Alf and Ruth Brady with their daughters Sarah and Meghan of Kispiox Valley, B.C. are current visitors between a cottage and parents Win and Bill Wilson. Also at the Wilson home recently were Sue and Barry Wilson, with their family, Barry Jr., Scott and Chad, all of Windsor.

Well folks, our annual Kinmount and District Horticultural Flower Show has once more come to a close. President Mary Martin was absent so her many entries plus her family's made our show somewhat smaller and of course the awful storm the night before ruined many gardens. Marg Viney for one, lost all of her flowers and she's certain she had prize winning roses, gladioli and other varieties. I overheard others mention the flowers they had lost. Not to worry friends, plan for next year now. The showing we

did have was beautiful. A hearty "backslap" to Michelle Barkwell and Guy Scott who did a really superb job of running the affair. Thanks also must go out to Marg Viney, Jean Hollobon, Joan Hyams, Marg Hockley, Flo Schlosser and Laurie Scott, the ladies who fed you the home baked cakes and tea, coffee and orange drinks. The afternoon show had a poor showing, only six or seven but that seems to be each year. Our evening show however, was another story, people came to view the flowers from the beginning to the end of the show and some stayed for the proceedings until closing time. Congratulations to all who entered their displays and to the winners of same. Ivan Jones says thanks to the Horticultural Society of Kinmount and District for leaving the Legion Hall so tidy that he had to do nothing when he came upstairs to inspect. I was especially pleased to see Mrs. Thelma Saunders and Mrs. Rotha Bryant of Norland already outside and waiting for us to open up in the afternoon. Congratulations Mrs. Saunders, you were one of the door prize winners of a beautiful glassware set. I shall see that you get it very soon.

Thanks to all who attended our show and to everyone who helped in any way before, during and after the show. We hope to see all of you at the Plant and Vegetable Show which will be held September 13. More on that later.

The Kinmount Library will be having another puppet show Thursday, August 23 at

1:30 p.m. to be held at the library in town. The library presentation of "Oliver" and "The Vengeance and the Tree Toad", presented by the Deck Hands Puppet Troupe. At the last show by the Deck Hands in Kinmount, there were some 40 children of all ages and everyone enjoyed the show very much. There is no charge so bring the kids and enjoy an hour or so.

I was very sorry to hear that Verlie Young and Verna Crego were both taken to hospital last week with heart problems. We all hope you'll both be well very soon.

A meeting was called at the home of Joan and Ken Hyams on Friday, August 17 and there will be further news on that in the near future. A committee was formed and a constitution was set up for running Meals on Wheels in the Kinmount and District area.

Stay well and happy, read the Echo and remember: a neurotic builds castles in the air, a psychotic lives in them, and the psychiatrist collects the rent.

County council minutes

A regular meeting of Haliburton County council was held on July 18. At that time, the following matters were considered:

An invitation to meet at Sir Sandford Fleming College - Leslie Frost Campus, was received by council. It was decided that the regular September meeting should be at the County Building, but that a tour would be appropriate.

As requested by County council at the May 16 meeting, the following representatives from the CAT Scan Fund group attended council to present slides and discussion: Dr. Callaghan, Radiologist from St. Joseph's Hospital, Peterborough; Vic Henderson, Chairman; Helen Willcox, Vice-Chairman; Jerry Peters, Campaign Coordinator; Jim McNabb, in charge of education and government, division 5.

The group would like to discuss with clerks the possibility of enclosing a mailing with tax bills.

Finance Chairman G. Lewis presented a finance report that the committee recommended accounts for payment.

Council approved accounts in the amount of \$162,018.04 representing cheques numbered 193 to 241 inclusive for the period May 16 to June 26, in the amount of \$110,312.36; and cheques numbered 242 to 294 inclusive for the period June 27 to July 18 in the amount of \$51,705.68.

Council resolved that it has no objection in principle to the Township of Glamorgan passing a by-law to close, stop up and convey to the adjoining landowners the adjacent portions of original shoreline road allowance around the perimeter of Billings Lake, providing that all municipal, county and provincial policies are adhered to.

Council consented to the incorporation of the name 'Haliburton' in the incor-

poration of 'Haliburton Alcohol and Drug Education Centre Incorporated and authorized the Warden and Clerk to sign the formal consent.

Mr. Harold Parker, Ontario Hydro Applications Supervisor from Barrie, and Mr. Roy Hewitt from Ontario Hydro, Minden were in attendance to review the Ontario Hydro report on conversion of the County Building to electric heat, and recommendations for energy conservation.

The Property Committee was instructed to advertise tenders for conversion of County Office Building to electric heat.

County council members suggested a presentation by Trent-Severn Waterway at September meeting.

Council will request information from the Board of Directors of the Chamber of Commerce why certain projects for the improvement of the services of the Chamber of Commerce for which financing had been apportioned by County council have not been completed.

By-law 1280, a by-law to prescribe a rate of speed for motor vehicles on certain County Roads, was passed.

By-law 1281, a by-law for the purpose of designating County Roads within the County of Haliburton as through highways, was passed.

Council received notice by registered mail from the Municipality of Dysart et al concerning a proposal to pass a by-law to close, stop up, and convey to the adjoining landowner of Lot 20, Registered Plan No. 540, part of the original allowance for road between Lots 25 and 26, Concession V, in the Township of Havelock, as illustrated in heavy outline on a plan of survey by Paul Wilson, O.L.S. dated May 3, 1984. Council resolved that it has no objections to the Municipality of Dysart et al enacting this proposed road closing by-law.

By-law No. 1283, a by-law to consent to the passing of a by-law by the Corporation of the Townships of Sherborne, McClintock, Livingstone, Lawrence and Nightingale to close, stop up and convey part of the original shoreline road allowance along the shore of Kawagama Lake in front of Lot 20, Concession 12, Township of Sherborne, was passed.

By-law No. 1284, a by-law to consent to the passing of a

by-law by the Corporation of the Township of Sherborne, McClintock, Livingstone, Lawrence and Nightingale to close, stop up and convey part of the original shoreline allowance along the shore of Otter Lake in front of Lot 5, Concession 2, Township of McClintock, was passed.

By-law No. 1285, a by-law to consent to passing of a by-law by the Corporation of the Township of Sherborne, McClintock, Livingstone, Lawrence and Nightingale to close, stop up and convey part of the original shoreline road allowance along the shore of Fletcher Bay in front of Lot 26, Concession 2, Township of McClintock, was passed.

By-law No. 1286, a by-law to consent to passing of a by-law by the Corporation of the Township of Stanhope to close, stop up and convey part of the original shoreline road allowance along the shore of Boshkung River in front of Lot 6, Concession 3, Township of Stanhope, was passed.

Questions were raised about the scheduling of improvements to Highway 507 by the Ministry of Transportation and Communications. The clerk was requested to enquire as to the present status.

Agricultural report

If you're 12 years old by July 1, why not join the upcoming 4-H project, "Fitness Fare". As the title suggests, it's about two very popular topics, food and fitness, and how they affect each other.

Since food is the basic fuel for exercise, getting the right mix in the right quantity is important for playing and working well. This project will stress good breakfasts, lunch and snacking habits. You'll have fun preparing recipes that are low in fat, high in fibre, not too sweet and still taste good. How about Bacon and Egg Load, Chili Con Carne, Apple Jog Nog, Apple Crunch Sundae or Cheese Popcorn.

You'll also learn how to keep your weight where you want it and what you should eat if you like to compete. One of the club activities is to compare your stamina and flexibility to other Canadians of your own age. You'll learn to take your pulse and why you should.

Your 4-H leader will teach you the right routine of warm-ups, endurance, cool-down and strengthening exercises for you. The highlight of the project during meeting 6 will be the fitness meet, planned by the club members.

An important part of the project is learning why food diets don't really work and why they should be avoided especially when you're still growing.

Fitness Ontario has a program called "Family Fit Together" which is based on activities that the whole family can do together. Information on getting started is provided in the project.

4-H leaders in your community will be holding their club's first 4-H meeting in September. Why not get involved. For more information about joining, contact your local 4-H leader or Christine Dukelow, Rural Organizations Specialist (Home Economist) at the Ontario Ministry of Agriculture and Food office.

Campaign aimed at drivers

from page 7

tions don't drink and drive. Failure, or refusal, to comply with all demands for a breath sample by a police officer is a criminal offence. And, it carries the same penalties as impaired driving.

Impaired driving is a criminal offence in Canada. Upon first conviction you can be fined up to \$2,000, jailed

for up to six months and given an automatic three month licence suspension.

You can be charged with a criminal offence if you drive when your blood alcohol level is above the legal limit which is 80 milligrams of alcohol for every 100 millilitres of blood or .08%. Remember it takes well over an hour to eliminate the effects of even one standard drink.

Galway Cavendish council minutes

A regular meeting of Galway Cavendish council was held on August 13, 1984. At that time, the following matters were considered:

By-law 84-28, a by-law to authorize an application to the Judge of the County of Peterborough to close parts of First Avenue and part of a sixty-six (66') foot road in front of Park Reserve D, on registered Plan Number 2 for the Township of Cavendish in the County of Peterborough, was passed.

By-law 84-29, a by-law to license trailers, except trailers located in a trailer camp, and for prohibiting such trailers being located in the Municipality except in a trailer camp, without a license, was passed.

The Commercial Operators in the Municipality were requested to attend a future council meeting to review the assessment alternatives with regard to application for a split factor or market value and Mr. Jim Pollock, MPP will be asked to attend the meeting.

The clerk-treasurer was authorized to establish a mileage policy for the main-

tenance personnel.

Council indicated that it has no objections to Ministry of Natural Resources issuing a license to Mr. Carson for the purpose of placing fill in front of his property, Concession 7, part lot 17 Cavendish.

Council indicated that it has no objections to Ministry of Natural Resources issuing Mr. Weir a work permit to establish a cottage access road over Crown land, Concession 4, part lots 27 and 28 Cavendish.

Council indicated that it has no objection to Ministry of Natural Resources issuing Pearsons Landing a license to dredge in front of Concession 5, part lot 19 Cavendish, subject to approval being obtained from the Ministry of Environment and the two adjacent land owners.

A regular meeting of Galway Cavendish council was held on July 30, 1984. At that time, the following matters were considered:

Mr. Baker attended the meeting to discuss the proposed plan of subdivision for Picard Lake. Baker brought council up to date on what

had been happening in the last few months on the subdivision, pertaining to the roads, health department, Natural Resources, Hydro and the capacity/density study for the lake.

General Voucher #7 for the month of July, in the amount of \$138,368.30, was approved for payment. The above amount includes a term deposit of \$120,000.

Roads Voucher #7 for the month of July, in the amount of \$62,804.10, was approved for payment.

Voucher #1 for Summer Canada Grant for the month of July, in the amount of \$1,796.97, was approved for payment.

Social Assistance Payroll #4 for the month of July, in the amount of \$535.08, was approved for payment.

By-law 84-23, a by-law to authorize the purchase of insurance to protect members of council or any local board members, was passed.

By-law 84-24, a by-law to rescind a previous by-law, was passed.

By-law 84-25, a by-law to authorize the sale of land, was passed.

By-law 84-26, a by-law to revise the position of the Townships of Galway and Cavendish in relation to the Official Plan of the North Kawartha Planning Area, was passed.

Severance application B-126/84 (Alice Westwater, Concession 11, part lot 20 Galway) was supported as it conforms to the Official Plan and Zoning By-law 78-43, and further that Policy 81-2 apply, subject to a right of way being deeded to the severed portion over the retained land.

The request from the British Empire Motor Club to erect signs within Galway Cavendish Township for the 31st Coderoy Enduro race scheduled for September 8 and 9, was approved subject to the signs being taken down within 10 days after the event.

The request for an extension to the draft plan of subdivision for Pencil Lake was granted.

The draft subdivision agreement from 364034 Ontario Limited for the plan of subdivision on Pencil Lake, was referred to the Township Solicitor for comment and

further that the intent with regard to the roads, does not meet the requirements of the Municipality.

Bill 102, pertaining to the "Sale of Land for Arrears of Municipal Taxes", was received.

The clerk was authorized to send a letter to the Minister of Municipal Affairs and Housing, strongly suggesting that an OMB adjudication process be implemented in section 3.03(A) subsection 4.

The clerk was authorized to have the Township Solicitor prepare a deed, transferring part 3 on Plan 45R-5145 from Flossie Edmison to the Township, Part 3 being part of Baldwin's Bay Road. The request from the Horticultural Society for a donation was denied.

Council indicated that it had no objections to the Kinmount Agricultural Society operating the following in conjunction with the annual Kinmount Fair: a bar at the Friday night dance, August 31; a beer gardens on Saturday afternoon, September 1; a bar at the Saturday night dance, September 1.

Orthopedic surgeon warns of risks in use of jumpers

from page 9

minutes in the sixth month. Once baby crawls, his interest will likely diminish as crawling is a much richer source of orientation and exploration.

Longer jumping periods than those recommended may tire baby and act against healthy development. Play sessions on the floor, where baby can freely exercise his own mobility, should be two to three times the length of any jumping periods.

Comments from Dr. D.F. Prior, Orthopedic Surgeon: "I feel that these (jolly jumpers) are beneficial for children only from the point of view of providing some stimulus for movement of their lower extremities but they should not be used until the child has complete back control in the sitting position.

As far as baby walkers are concerned, I feel quite strongly against their use and as you may be aware, there was a recent inquest in Brampton under Dr. Jim Cairns regarding an infant death associated with a wal-

ker. I feel that a baby walker really offers no particular advantage to the child's development and is nothing more than a babysitting tool. I feel in fact that it has more detrimental effects in terms of contributing towards external torsion of the lower extremities and there is a high potential for injury associated with their use.
